CITY OF SOUTH BAY

COFFEE WITH THE MANAGER

The poster features a light blue background with a coffee theme. At the top left is a coffee branch illustration. The title 'CITY OF SOUTH BAY Coffee with the Manager' is centered. To the right is the City of South Bay logo. Below the title are illustrations of a coffee cup and a mug. Five department names are written on diagonal banners: Human resources, Parks and Rec, Finance, Public Works, and Community Development. At the bottom, the event details are provided in a dark blue bar, and the location is listed in a light blue bar with coffee icons on either side.

Mayor's Corner

Team Development

What Is Team Development?

A team is a group of Individuals who work together toward a common goal.

(Not I). Team structured process of a group of people (Commissioner, City Manager, Staff, Residents, Business Owner, Students, Parents, etc.) Teaching them to appreciate the differences each bring to the table and learning to work toward a shared goal. Work groups become a cohesive team when they learn to appreciate differences.

Five (5) Stages of team development

(A) Forming (B) Storming (C) Norming

(D) Performing

(E) Adjourning/Transforming

We as a team have to show leadership.

We have to tell and show our community and ourselves how it should be done. We have to be teachable in order to be an effective team so we lead together.

PUSHING PROGRESS FORWARD

SW 10TH AVE UPDATES

PUSHING PROGRESS FORWARD

CITY OF SOUTH BAY

HISTORIC RAILROAD COTTAGE CROSSROADS MUSEUM & CULTURAL CENTER

OUR VISION

Our vision is to be a dynamic cultural institution that serves as a focal point for the Glades region, bringing together diverse communities and promoting a sense of belonging and pride. We envision being a trusted resource for preserving, interpreting, and sharing the stories, traditions, and achievements of the region's people, and fostering community growth through innovative programs, partnerships, and initiatives.

OUR MISSION

Our museum is dedicated to being the heartbeat of the Glades region of Palm Beach County, connecting the past to the future. We strive to foster community growth through the preservation, education, engagement, collaboration, and sustainability of our region's rich history, culture, and heritage.

AWARENESS

We will increase public awareness of African American, agricultural, and railroad history in the Glades region of Palm Beach County through programming, exhibits, and educational outreach.

COMMUNITY

We will reflect the diverse cultural history of the Glades region through participatory programs, events, and initiatives that encourage community members to contribute their own stories, artifacts, and talents to the museum's collections and exhibits.

ECONOMIC DEVELOPMENT

We will enhance tourism and economic development in the Glades region by showcasing its cultural and natural treasures, attracting visitors, and creating a regional destination.

CROSSROADS MUSEUM & CULTURAL CENTER

Fast Facts

- 1 The City of South Bay, founded in 1910, is named for its location at the southern tip of Lake Okeechobee in the heart of South Florida. The city, known as the "crossroads of south Florida" lies at the intersection of two major roads, East-West State Road 80 and North-South U.S. 27.
- 2 South Bay and other cities in "the Glades region" of Palm Beach County were founded as agricultural communities due to the rich soil in the area from their proximity to Lake Okeechobee and the Everglades. This soil, known as "muck," proved to be perfect for farming vegetables and eventually sugar cane.
- 3 The Florida East Coast (FEC) Railroad arrived in South Bay in 1926. Along with the railroad came the construction of two buildings: a depot and a railroad cottage. The FEC built approximately 100 similar if not identical, depots and cottages along the railroad right of way from Jacksonville to Key West. All were painted what has become known as "Flagler yellow" trimmed in white. Only three cottages exist today.
- 4 The region was nearly destroyed by the 1928 hurricane. In South Bay, only five buildings including the FEC Railroad cottage remained standing after the storm. The City of South Bay purchased the cottage in 2000 and in 2005 relocated the cottage from its original position on N.W. 4th Street to the South Bay Crossroads Center on US 27.
- 5 The two-story cottage is approximately 1,600 square feet. The first floor has four rooms, with a separate kitchen, a working bathroom, and front and rear porches. Upstairs is one large room with a pitched pyramid ceiling and windows on all four elevations. The floors are the original "Dade County Pine."
- 6 The South Bay Crossroads Center is a Palm Beach County public park. The facility includes a public park with a playground and picnic tables, one of 14 entry points for the Lake Okeechobee Scenic Trail with two boat ramps and parking for boaters and hikers, a 72-site RV park, and a 3,200-square-foot community building with a catering kitchen and bathroom facilities.
