# Message from the Mayor

In order for the City of South Bay to move forward, we have to take risks at time to accomplish the goals we as commissioners & staff have for the city resident, business owner and more. (Risks) Is you have to be willing to take risks, in order to make progress. It is important not to take on unnecessary risks, and to measure the risk with the reward. Taking a risk is being able to go after something you know you want, knowing you'll be good at and not being afraid to take the risks, but also being smart about the risk versus the reward. ***“By working today to build a better tomorrow.”***
