Team Development

What Is Team Development?

A team is a group of Individuals who work together toward a common goal. (Not I). Team structured process of a group of people (Commissioner, City Manager, Staff, Residents, Business Owner, Students, Parents, etc.)

Teaching them to appreciate the differences each bring to the table and learning to work toward a shared goal. Work groups become a cohesive team when they learn to appreciate differences.

Five (5) Stages of team development

(A) Forming (B) Storming (C) Norming (D) Performing
(E) Adjourning/Transforming

We as a team have to show leadership. We have to tell and show our community and ourselves how it should be done. We have to be teachable in order to be an effective team so we lead together.

Team Success Projects

- Covid Vaccinations Site
- 2 Rounds of Minor Home Repair
- Gift Cards for being vaccinated
- 2 Rounds of rental/utility assistance

**City of South Bay
PBC Day Legislative Meetings
Tallahassee
March 8-9, 2023**

**Sponsor: Senator Roth
South Bay SW 11th
Avenue Improvements**

\$860,647

The main goal of this project is to improve roadway conditions, solve drainage and flooding issues and widen existing sidewalks to upgrade services for residents, visitors and businesses.

Funding will be used to design, reconstruction and CEI services of SW 11th Avenue from terminus to Palm Beach Rd. The project would include curb/gutter replacement and widening of the existing sidewalk. The existing drainage system will be de-silted. The reconstructed pavement will include materials to alleviate the poor soil conditions in the area. The front and back slopes will be re-graded and re-sodded to facilitate drainage.

Sponsor: Senator Berman

South Bay Stormwater Flood

Control and Waterway Management

Phase 3

\$150,000

The City of South Bay has several problems areas within NW 1st Street from terminus to NW 12th Ave that experienced extensive flooding during heavy rainy season and making the roadways impassable during emergencies. This project will provide improvements to the stormwater drainage system within the original section of South Bay. The mitigation measure reduces flooding, improves draining system performance and reduces future maintenance needs.

Tallahassee
March 8-9, 2023**

DEO

**Florida Rural Infrastructure
Project Planning and
Preparation Grant**

\$300,000

The primary goal of the City of South Bay Industrial Park Project infrastructure improvement plan will enhance the probability of attracting the best developer along with it being consistent with the goals of the City in that the Project will, among other things: Increase Capital Investment and ultimately support sustainable job growth could create 300 permanent job; create significant new ad valorem taxes, including significant new tax revenues for the public-school system; help meet the overall community goal of business development and growth in South Bay; create induced and indirect job effects which will have a positive impact on local small businesses; and promote and encourage private capital investment in excess of \$20,000,000.00.
