

2.0 CONSISTENCY WITH THE STATE OF FLORIDA COMPREHENSIVE PLAN

2.1 INTRODUCTION

The “Consistency” element is required to be included within the Comprehensive Plan per requirements of State planning law and rule criteria. Specifically, Chapter 163.3177 (10) (b), Florida Statutes establishes the future land use plan requirement and Chapter 9J-5.021 (4), Florida Administrative Code establishes minimum criteria to guide its preparation.

This element contains an analysis, in matrix form, of the Goals, Objectives and Policies of the various elements of this Comprehensive Plan in terms of their consistency with the adopted goals of the Florida Comprehensive Plan.

2.2 CONSISTENCY REQUIREMENTS

Specific requirements for addressing the consistency mandate are established by Chapter 9J-5.021 (4) of the Florida Administrative Code as follows:

“ the local government shall attach to its comprehensive plan or plan amendment at the time of transmittal to the Department a listing entitled “Consistency of the Local Comprehensive Plan with the State Comprehensive Plan,” which shall list the State Comprehensive Plan goals and policies which are addressed in its proposed plan or amendment and which shall indicate the plan element or elements, subsection or subsections and page number or numbers, where each of the State Comprehensive Plan Goals and policies.”

2.3 CONSISTENCY ANALYSIS

A listing of adopted State Comprehensive Plan is presented on TABLE 2-1 while an analysis of the South Bay Comprehensive Plan, in terms of the State Goals is presented in FIGURE 2-1. The matrix indicates which South Bay Objectives and Policies, by Comprehensive Plan element, further specific State Goals.

Due to clarity of the numbering system used to identify Objectives and Policies within Comprehensive Plan elements, it is concluded that page references are necessary.
